

IOSH Working Safely

Overview

Working Safely is a high-impact, jargon-free, interactive safety-training programme designed to make workers, at all levels, aware of their responsibility for safety towards themselves, colleagues and others affected by work activities.

Duration One day

Who should attend?

This course is ideal for all employees without management / supervisory responsibilities.

Course content

- Introducing working safely
- Defining hazard and risk
- Identifying common hazards
- Improving safety performance
- Protecting our environment

Learning outcomes

On completion of the course, delegates should understand:

- How to identify common workplace hazards & evaluate the associated risks
- Certain legal obligations placed on their employer and on themselves
- Basic principles of managing and improving safety performance
- Individual and collective roles and responsibilities for ensuring the safety and well-being of themselves and others
- How their behaviour contributes to workplace safety

Assessment & Certification

Delegates who successfully complete the written and practical assessments at the end of the course will be awarded either an IOSH Working Safely certificate or an IOSH Passport card.
